Description

- Large aperture allows for easy 'walk by' disposal of waste for passers-by
- Galvanised steel liner ensures the inner will be durable and long-lasting
- Iroko panels are known for being stain resistant, durable and hard-wearing
- Available in natural oak, light oak or dark oak to match to the surroundings of the bin
- Extremely easy to empty as the liner simply lifts out of the bin
- Optional glass fibre lift up lid for added security and flooding prevention
- Optional locking bracket is available to secure the liner to the bin and prevent people removing the liner

The Circular Slatted litter bin features a simple yet attractive design that is ideally suited for use in parks and green spaces.

The unit is constructed using a galvanised steel carcass clad in Iroko hardwood slats. Iroko is used as it is incredibly stain-resistant, durable and hard-wearing - it is available with either a natural oak, light oak or dark oak finish.

A galvanised steel liner collects the litter and lifts out for easy emptying. An optional glass fibre lift up lid is available for added security and to keep the rain out preventing flooding in the bin. An optional locking bracket is also available to secure the liner to the bin and prevent unauthorised personnel from removing the liner.

MPC BUILDINGS INSURANCE

COMMITTEE REPORT

The recommendation is that buildings insurances should be annually reviewed and updated, and this is a routine exercise carried out by Zurich.

Equally, Reinstatement Cost Assessments should ideally be fully updated by a chartered surveyor every **three years** to avoid under-insurance. The properties last rebuilding valuations were carried out late 2020, and index updated annually thereafter.

Zurich, Sherriff Tiplady and BCH have been asked to provide a fee quote to value the eight buildings, and carry out a Re-instatement Cost Assessment. All 3 firms have been given the existing re building valuations.

The fee proposals are ;

Zurich:

A site property inspection, schedule of re-instatement costs and annual indexing thereafter for 3 years	£4,770.00
---	-----------

Sherriff Tiplady:

This firm inspected the properties in 2020, and as no alterations to the buildings since, they would re value the buildings based on their existing measurements and construction information	£750.00
---	---------

BCH:

A site property inspection, schedule of re-instatement costs with desk top indexing annually for 3 years at an additional fee	£1,420.00
---	-----------

Members are asked to approve an appointment to re-value the properties.

Youth Services

There have been 11 sessions run this term, and we have seen 30 young people.
